

1,2,3,4.....are the picturebox index.....

Main PictureBox	Connected PictureBox			
PictureBox (1)	PictureBox(2)	PictureBox (3)	PictureBox (4)	
PictureBox (3)	PictureBox(5)	PictureBox(6)	PictureBox(7)	PictureBox(8)
....	.....	.....	.....	.....
PictureBox (n)	PictureBox(m)	PictureBox(m)	PictureBox(m)	

The main problem To prepare the connection list is both the row and column are dynamic.....I think I need to two dimensional array in these case??What do u think??/
